

*Alex Radley is a friendly New Zealander who loves rolling up his sleeves. His life mission is to increase the participation and success of all Athletes particularly those in the Auckland community. This is because Athletics offers a great environment to learn life skills. Alex is walking the journey, training in Decathlon and hopes to represent NZ in the coming years.*

*To increase the participation and success of Athletes, Alex Radley will be offering Marketing Support, Gear/Spike discounts and Sponsorship for all Athletes to increase club Revenues. Each club will gain a reasonably frequent face to face time along with fast responses to all requests. More information about my nomination can be seen here: <http://bit.ly/AlexRadley>*
