In regard to wanting to be part of this fraternity:

- This opportunity will allow me to give back to the Auckland Athletics community for the wide scope of doors they have opened up for me
- I'm hoping to serve as a voice for our young athletes and incorporate athlete perspectives for the board
- Personally, I have seen an increased number of Pasifika people participating and competing in athletics now. Therefore, my Pasifika background of Tongan and Samoan will influence further perspectives and initiatives from the Athletics Auckland community

At the end of the day, my hunger to compete as an athlete, and hopefully work behind the scenes as a board member making competition and athletics related events even better than it already is, is driven by my want to serve and put a smile on most people's faces. God and Family are the main contributors to my success, especially as Family and the values upheld have shaped me into the person I am today.
