

Judy Revell (PGDipBusMan, BSc) is an Athletics mum first and foremost having both kids involved at a community level, which has seen them establish life long friendships with others they competed with at the grass track. Starting off at a grass-roots level with Avondale Athletics, she quickly took up the lead of Club President from 2014-2016. Remaining within the community, Judy landed a job at Avondale College in a data role and soon took the school teams for athletics events within Auckland and also to the national secondary school championship events. While doing this, she was offered a committee member spot with New Zealand Secondary School Athletics Association and has been serving on this executive since 2019.

Judy helps to lead as travelling team manager for the Athletics

Auckland team competing at the New Zealand Track and Field Championships. With NZSSAA, she has also taken NZSSAA teams to compete in Australia and in the US. Judy also helps to run the Central, North, West Athletics Association along with Daniel Lewis to provide regional competitions for children grades, particularly in relays and in junior championships.

With a deep insight into secondary school sports, Judy has held Sports Directorship roles since 2021 and currently based at Mount Albert Grammar School. Judy's commitment to athletics extends to her involvement on the AAI Board. Co-opted in January 2023 and subsequently elected as a Director in July 2023, then reelected in 2025, she is excited about contributing to the development of a strong, strategic plan that inclusively represents the diverse Tamaki Makaurau demographics.

Samoan-born, with her family involved in all aspects of athletics, Judy brings a much needed perspective to help progress athletics forward within our region.
